**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Curtis A. Vock, Reg. No. 38,356 on December 14, 2001.

The application has been amended as follows:

**In the Specification:**

Lines 16-18 of page 23 have been deleted.

**In the claims:**

Claims 14-23 have been canceled.

***Comments regarding Appendix A:***

The reference to the Appendix A on page 23 of the disclosure has been deleted. The 23-page Appendix A has been placed in the file, however, it will not be printed. It is further noted that a microfiche appendix for Appendix A can be found in the U. S. Patent 5,682,525 file, which is also the parent file of this application.

*Allowable Subject Matter*

The following is an examiner's statement of reasons for allowance:

The invention is directed to a method and/or apparatus for determining a position of an item of interest (e.g., a point of interest in a map database) in a selected category at a port (preferably mobile or portable computer or PDA that has a port) wherein in the item and its spatial details including the geographic position is downloaded from a remote database through the Internet.

The prior art of record, as discussed at length in the interview dated October 17, 2001, teaches the retrieval of spatial item of interest, however, does not teach the fetching of the item from a remote database through the Internet as claimed.

On March 14, 2001, in a telephonic interview, the examiner indicated to the applicants' representative that claims 14 and 18 differ from claims 1 and 24 because claims 14 and 18 do not recite a "category" and the fetching of data from a remote database through the "Internet." The applicants agreed to cancel claims 14-23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Comments regarding Appendix A:

The reference to the Appendix A on page 23 of the disclosure has been deleted. The 23-page Appendix A has been placed in the file, however, it will not be printed. It is further noted

Art Unit: 2172

that a microfiche appendix for Appendix A can be found in the U. S. Patent 5,682,525 file, which is also the parent file of this application.
